

HIKING

Beautiful hiking trails and panoramas

1 TRIASSIC TRAIL (ca. 2 hours)
If you are looking for an adventure, this is the trail for you. Scattered throughout the mountainous landscape are life-size dinosaurs waiting to be discovered. The hike starts at the Triassic park and takes you up to the panoramic viewing platform. From here you can enjoy the beautiful view which includes Steinplatte, the mountain range "Loferer Steinberge", the Hohe Tauern, the Kitzbühel and the Zillertaler Alps and even the impressive Wilder Kaiser. The trail continues past the Plattenkogel reservoir and takes you along an informative route all the way up to the Steinplatte summit.
The way back takes you down below the „Plattenkogel“ to the Red Wall and back to where you started.

2 STALLENALM - GRÜNWALDALM (ca. 2 hours)
This trail begins at the top of the Steinplatte gondola. From here, you walk about 30 minutes downhill past the „Jägerkapelle“ and on to the Stallenalm. The Stallenalm's large sundrenched terrace is the perfect place to stop off for some refreshments. The path then continues on to Grünwaldalm and back around to the „Körersteig“ crossing. Take the path above the Stallenalm back to the gondola station.

3 STALLENALM - WINKLMOOSALM - SCHWARZLOFER-ALM - MÖSERALM (ca. 4 hours)
A slightly longer hike, this tour takes you from the gondola, past the Stallenalm and the parkinglot at the Höhenstrasse. From here you get a beautiful tour of the surrounding landscape past the Schwarzloferalm, Eibenstockhütte and Winklmoosalm. Heading back you have two options: either past the Muckklause or over the Rossfeld past the Möseralm guesthouse. Both routes take you safely back to the gondola.

4 FELLHORN (ca. 6 hours)
A day tour with exceptionally stunning scenery. Once past the Stallenalm and the parkinglot at Höhenstrasse, take the interesting nature educational trail. Further on you will pass the Eggenalm (Alpengasthof Straubingerhaus) and from there you continue left to reach the Fellhorn summit. Once you're done taking in the breathtaking landscape, head back to the gondola the same way you came!

5 WIESLOCHSTEIG (ca. 3 ½ hours) - Alpine trail
To get to the starting point you have to take the path past the Stallenalm and Grünwaldalm along the lower path to the intersection "Kopfkra". Here the trail branches off to the left and past beautiful viewpoints you have the possibility to choose between an easier and a more difficult trail, both of which lead to the top of Steinplatte.

MOUNTAINBIKING

Comfortable with the gondola

If you prefer to discover our region on 2 wheels, you can transport your bike free of charge with the gondola.

6 HEUTAL TOUR (approx. 4 hours, 38 kilometers, moderately difficult)
The bike route starts from the top station of the gondola downhill. At the "Körergatterl" turn right towards the Möseralm. The road is well developed and you can expect a comfortable tour - from the Möseralm follow the signs "Rad und Bike Pinzgau Mountainbike Route Heutal". From the Heutal you go downhill to Unken, here you follow the Tauernradweg to Lofer. The beautiful bike circuit "Steinbergrunde" leads along the Saalach river to Lofer and over the Strub pass back to the starting point at the valley station of the gondola lift in Waidring.

CUISINE

Discover local specialities ...

Steinplatte is not only known for its stunning views and long list of outdoor-activities. It also offers a large selection of traditional restaurants and mountains huts that will leave your taste buds screaming with joy. The hospitality among the restaurants is something very special!

STALLENALM
Tyrolean home cooking at its best. The Stallenalm is a rustic mountain hut, which offers a large sundeck and is easily accessible from the Steinplatte parking lot. The hut is open from end of May through to October (depending on the weather) and is a lovely place to stop off on your visit. It is also a popular venue for weddings and other events throughout the summer.

Insider tip: Sundays in the high season, there is the excellent Schmankerl Alm Brunch

Phone: +43(0)5353/5825 Website: www.stallenalm.com

MÖSERALM
This is one place you do not want to miss. If the cozy atmosphere and the wonderful view of the surrounding mountains do not convince, it will certainly be the traditional home cooking, because here the chef cooks personally. The large sun terrace invites you to stay, where we like to serve our guests and spoil you with our specialities. Located in the so-called "Dreiländereck" where Tyrol, Salzburg and Bavaria meet, the hut is open all summer from June to October 26 (no day off).

Phone: +43(0)5353/52473 Website: www.moederalm.at

PANORAMA RESTAURANT KAMMERKÖR
Something for everyone. Known for its stunning views from both the restaurant and the sundeck, the brand new Panorama Restaurant Kammerkör kitchen offers a large selection of meals, so even the pickiest of eaters will find something to their liking. Throughout the summer there are live music acts and thanks to its closeness to the gondola, it is easily accessible for wheelchairs and prams.

Phone: +43(0)5353/6316 Website: www.kammerkoermal.at

SCHINDLDORF
The Schindldorf at the valley station of the Steinplatte cable car in Waidring combines an excellent event-location with a first-class restaurant. After a beautiful day on the mountain, we recommend enjoying an ice cream or a pizza there. On the covered sun terrace, this is a cozy end in any weather.

CLIMBING

NOTE: You climb exclusively at your own risk and are responsible for your own safety. The routes are only for experienced climbers with the right equipment, and slip resistance, and a head for heights are required!

9 VIA FERRATA SCHUAUSTAGANGL (3 hours, 220 m altitude gain, difficulty C/D)
A classic on Steinplatte, where you will be rewarded with beautiful panoramic views. You can get to the start of the via ferrata either by taking the Gamssteig or from the Grünwaldalm and Stallenalm. Access is via the marked path at the foot of the rock face. This route has some tight passages and some airier sections, but is of medium difficulty level C/D. The additional variant "Knieschladerer" is a little more airy and you can get back to the normal climb via a rope bridge. The route leads to the top of the Steinplatte.

10 VIA FERRATA GAMSSTEIG (1,5 hours, 50 m altitude gain, difficulty C)
This trail leads directly from the Triassic Beach steeply downhill, and is mostly used as an approach path for the Schuastagangl climb. If you want to make a round trip, you can hike past the Stallenalm and Grünwaldalm along the rock face and come back around to Steinplatte.

Climbing Paradise
As the only dry reef in Europe, Steinplatte offers unparalleled climbing adventures thanks to the unique quality of the rock at hand. Boasting more than 7 kilometers worth of routes and a rock height of up to 250 meters, there are over 100 climbing routes in the area around Steinplatte. Suitable for beginners to professionals and routes fitting for any time of the year from spring to autumn. Overall, the area is considered to be one of the top climbing regions in Central Europe.

Climbing possibilities for families...
Children can make their very first climbing attempts on the climbing wall in the TriassicPark. For all beginners and families who want to gain their first real climbing experience, the climbing garden "Wintergarten" offers great opportunities.

All climbing routes can be reached comfortably with the gondola or via the parkinglot at the Höhenstraße Steinplatte.

GENERAL INFORMATION

Best Summer Cable Cars Tirol
The 19 Summer Cable Cars Tirol are a collective of award-winning lifts and cable cars open in summer giving access to adventure parks, unique panoramas and adrenaline-pumping activities high in the mountains. The Steinplatte with the Triassic Park was awarded in the category "Family Mountain".

www.tyrol.com/summer-cable-cars

The Mystery of the Steinbergking
Something very special and unique awaits you in the Pillerseetal this summer: the interactive adventure game for the whole family.

www.steinbergkoenig.at/en/

Car-free to the PillerseeTal
With the guest card you can use the local public transport free of charge. In addition, we offer free train station shuttle to the accommodation and back.

TRIASSIC CENTER

Dive straight into the fascinating pre-historic underwater world of the primordial sea of Thethys. Already at the bottom station of the gondola all kids are given a fun, interactive **research handbook**, and then the **underwater gondola** takes you up to the top of Steinplatte and once you've reached the top, you're ready to get started!

The action goes on at the **Triassic Center** at an area of 900 m². You get to know extinct marine reptiles and other ancient animals that lived around the Steinplatte. You will find dinosaurs and amazing information about the inhabitants of the Permian and Triassic periods. For youngsters and adults alike, the **Researchers' Camp** is a great place where you can, for example, learn how to determine the age of fossils.

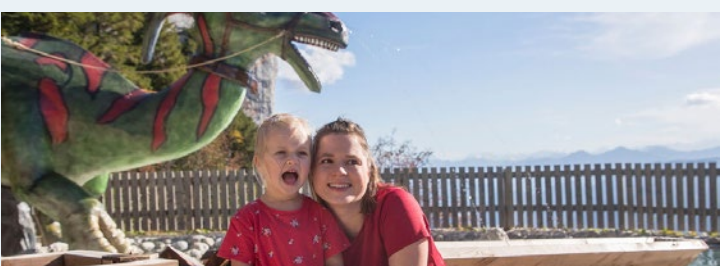

Good to know: You will also find a changing table and a tumble dryer here!

TRIASSIC TRAIL

On the **Triassic Trail** the real adventure begins: the primeval times are not discovered with the help of books, but through your own exploration. Climb, crawl, and play - all whilst learning. On the approx. 4 km long exploration tour you can hike up to the top of the Steinplatte. Discover **life-size dinosaurs** such as the Tyrannosaurus Rex, the Triceratops, the Maiasaura and many more. Past the lower reservoir you will find many other discoveries just waiting to be found, like the flying dinosaur and the water dinosaur. Those who make it to the top can visit **Fischer's Coral Garden** or the **"Rote Wand"**, where you can discover the past and find fossilized corals from a time when the primordial sea Thethys ruled Waidring. The upper reservoir is a good place to take a short break.

Good to know: Dogs are welcome.

TRIASSIC BEACH

At the **highest located beach in the Alps**, parents can relax while children explore further: try the huge 30-meter-long **Dino tube slide**, attempt the **children's climbing wall** or dig for Dino skeletons or fossilized ammonites. The brand new Triassic water features with an exciting water course and a completely new playground offer many opportunities to cool off, splash and play.

The **low ropes course**, known as the Training Camp, is guaranteed fun for all ages. Equipped with a tunnel slide, tree stems, ropes and a climbing wall, it's a great place to practice balance, dexterity, strength and even a little bit of courage.

At the new **drip stone cave** you can find interesting details about the stone layers and you can discover stalactites and stalagmites.

Good to know: Here you will also find a children's climbing wall for your first attempts on the rock!

VIEWING PLATFORM

Our highlight, the viewing platform adds a whole new level to the stunning panorama seen from Steinplatte. The fan coral shaped platform floats 70 meters above ground and provides a clear view of the landscape below as well as a breathtaking panorama. By the way, the way up to the viewing platform is also easily accessible by wheelchair and stroller.

Come in close contact with marine reptiles and other beings from a time over 200 million years ago. A journey into a forgotten world.

For more information visit: www.triassicpark.at/en or Facebook, Instagram and Youtube.

Good to know: Can be visited in any weather and suitable for wheelchairs and prams.

Children's entertainment with Irene

July and August from Sunday to Friday from 13:00 to 15:00 each day
June and September only on Sunday when the weather is fine

Our children's entertainment area with great program is located directly in the Triassic Beach area and with Triassi and his friends there is always something going on!

NEW: Augmented Reality

The past becomes even more vivid with augmented reality: What is it like to stand next to an original dinosaur?
